

## Using Times Tables Rock Stars – What can I do?

Use Rockslam to challenge individual children or adults in our [school](#).

Use Arena to play live with children in your [class](#)-agree a time when you will all log on so you can play together.

Use Festival to play against children and adults around the [world](#). A new game starts every few seconds.

Or if you prefer you can play on your own – improving your times table knowledge and speed using Garage, Studio or Soundcheck!
