Dear Parents and Carers,

Bike-ability

This week children thoroughly enjoyed their bike ability sessions. This training programme has supported the children in gaining practical skills and understanding how to cycle on today's roads.

We thank the instructors who came into school and they also praised our children for their fantastic behaviour and the support they gave each other.

Vocabulary Parade

Today each year group enjoyed time in the park to parade their vocabulary words and costumes. Mrs Seabright, Mrs Griffin and Mrs Lynch found it very difficult to judge the competition however, we have chosen winners that will be announced in assembly on Monday. Thank you to children and their families for getting involved in the event. Staff also took part to promote a love of language and learn some very unusual and new words.

Resilient Transitions Oldham

A FOUR-SESSION ON-LINE COURSE FOR PARENTS WITH RESOURCES TO USE AT HOME

Children and young people will face many transitions throughout their lives. Right now, the transition from lock down is at the forefront of our minds, but change and uncertainty is something we can learn to navigate. How do we support children to deal well with transition? Whether the move is from primary to secondary, to a new school or setting, or to a new teacher or class. It can be an anxious time for parents. The way they approach the changes their children face can be the difference between a stressful or a manageable transition. Knowing how best to manage our own emotions, worries and actions is vital for supporting children in the best possible way.

COVID Test results - REMINDER

A reminder to parents to send any results to us directly regarding COVID test results.

This email is covid@alexandrapark.oldham.sch.uk

If you receive a negative or positive result anytime (including the weekend AND over the Holidays) please email the details to the above. The sooner we are informed the sooner we can allow your child back into school or take action (with the advice from public health) for a bubble/class of children that may need to isolate. We can then inform parents if required.

We thank all parents for the immediate responses we have had. You have certainly worked with staff to support the safety of children and staff with high levels of communication.
